

# Fold and Roll Instant Office Kiosk

TK42-A1 & TK42-A2

“Designed and Engineered to Engage”

Unitary design - no tools needed to open and close hidden table

27" square by 53" tall with removable literature holder

Sturdy aluminum extrusion corners for removable graphic panels

Hidden table(s) with self-locking leg that drops into place, and adjustable feet

4-sided molded toe kick to protect perimeter from floor traffic

Top and back door hinges made of heavy duty steel. Yet unit weighs only 75 lbs.

Door and table tops - double wall construction for durability and low maintenance

Secured access to “slam” latch table top through locked back door

Plenty interior storage for graphics, banner stands, 2 folding chairs, etc.

Rear wheels that allow for easy mobility

“Designed and Engineered to Engage”
